

City of Rocky Mount Administrative Policy

Policy: Electric Rate Schedule – Peak Shaving Rider for Schedule MGS

Section:	Fees and Charges	Policy No. X.7.11
Prepared By:	Richard H. Worsinger, Director Of Utilities	
Approved By:	City Council	
Effective Date:	7/01/13	Page: 1 of 3
Supersedes:	7/01/12	

PEAK SHAVING RIDER RIDER PS

Availability

This Rider is available to any nonresidential Customer served under the Medium General Service Schedule MGS and the Customer's monthly billing demand is over 30 kW.

Neither generating nor converting equipment may be operated by the Customer in conjunction with electric service under this Schedule without prior written approval from the City. The Customer shall install equipment acceptable to the City to protect the City's employees and others and its electrical system prior to receiving such approval. The Customer will be responsible for any injury or damage caused by the operation of such generating or converting equipment. Service is subject to immediate suspension without notice until the Customer has installed adequate protective equipment and received approval from the City for any such equipment.

Execution of the City of Rocky Mount Electric Service Agreement must be completed in order to receive service under this rate.

Monthly Credit

Credit will be given for actual measured average demand reduction during the 60 minute monthly Coincident Peak (CP) Demand interval used by the North Carolina Eastern Municipal Power Agency (NCEMPA) for wholesale billing purposes. This Credit may be determined by modifying normal work schedules, installation of Peaking Generation, or other methods that the customer can confirm to the City's satisfaction would have contributed to the Customer's CP demand had specific actions not been taken by Customer to reduce the Customer's CP demand load. If a generator is used to accomplish the reduction the kW Credit shall not exceed actual peak monthly demand of the Customer. Additionally, the generation size must be approved by the City based on available allocation authorized by NCEMPA.

Credit

\$9.13 / kW curtailed

Notification by City

The City will use diligent efforts to predict the Utility Peak each month and notify the Customer in advance. However, the City is not able to guarantee an accurate prediction and notice will be provided. Notification by the City will be provided to the Customer by direct telephone communication or automatic signal, as mutually agreed. The Customer will hold the City harmless in connection with actions taken in response to notification.

Contract Period

The contract period shall not be less than one year.

General

Service rendered under this Schedule is subject to the provisions of the service regulations of the City.

Liability

The City does not guarantee or warrant continuous electric service, and expressly disclaims any such warranty, express or implied, to provide continuous service. The City shall use reasonable diligence to provide uninterrupted service, and having used reasonable diligence shall not be liable to any consumer for damages for failures in, interruptions of, or suspension of service,
