Policy: Electric Rate Schedule – Sports Field Lighting

Section:	Fees and Charges	Policy No. X.7.13
Prepared By:	Richard H. Worsinger, Director of Utilities	
Approved By:	City Council	
Effective Date:	7/01/13	Page: 1 of 3
Supersedes:	7/01/12	

SPORTS FIELD LIGHTING SCHEDULE SFL

Availability

This Schedule is available for electric service used in lighting outdoor athletic fields which are normally used for football, baseball, softball, tennis, races and other organized competitive sports. Service will be supplied at one point of delivery through metering provided by the City to record use for monthly billing.

This Schedule is not available for breakdown, standby, supplementary or resale service. Neither generating nor converting equipment may be operated by the Customer in conjunction with electric service under this Schedule.

Type of Service

Electric service is 60 hertz alternating current, either single-phase 2 wires, or three-phase 3 or 4 wires, at one of the City's standard distribution voltages.

Facilities Charge

The Customer will pay to City in advance the total estimated installed cost of new facilities required to provide for the Customer's service, exclusive of the material cost of transformers and metering installation. The minimum charge for new service will be \$75.00.

Monthly Rate

Customer Charges	
Single Phase	\$ 26.00
Three Phase	\$ 45.00
Energy Charge	12.53 ¢/kWh
Demand Charge	\$ 2.54 /kW

Billing Demand

The Billing Demand shall be the maximum metered kW from City's metering facilities, during any 15-minute interval in the most recent twelve months.

Purchased Power Adjustment

Any purchased power cost adjustments for unrecovered power supply and transmission costs will apply to service under this Schedule.

Purchased Power Adjustment	0.00 ¢/kWh
----------------------------	------------

Sales Tax

North Carolina utility sales tax will be added to charges, as applicable.

Minimum Term

The Billing to the Customer will be continuous for a minimum of twelve months. The charge for termination in less than twelve months will be the sum of monthly Demand Charges for the remaining months.

General

Service rendered under this Schedule is subject to the provisions of the service regulations of the City.

Liability

The City does not guarantee or warrant continuous electric service, and expressly disclaims any such warranty, express or implied, to provide continuous service. The City shall use reasonable diligence to provide uninterrupted service, and having used reasonable diligence shall not be liable to any consumer for damages for failures in, interruptions of, or suspension of service, including, without limitation, surges. The City reserves the right to suspend service without liability on its part at such time, for such periods, and in such manner as may in its judgment be required for the purpose of making necessary repairs on the lines or other parts of its system.

Power Quality

The Customer agrees that should it use any part of the power delivered for processes that create power quality issues, such as harmonic problems, voltage flickers, or voltage fluctuations, that negatively impact the City's electric system, the Customer will install and maintain proper regulating, controlling and auxiliary apparatus and devices necessary to correct any problems created by Customer's processes or equipment. Should Customer, after written notice from the City, fail to correct any problems created by power quality issues, the City may choose to exercise one of the following options:

- Make electric system enhancements that would mitigate problems created by Customer. A 2% facilities charge will be billed to Customer monthly based on improvement costs necessary to mitigate problems created by Customer.
- If Customer refuses to make necessary improvements or pay the City a facilities charge for improvements, the City may elect to discontinue service.
- Should Customer facilities create a problem on City's Electric System that must be dealt with immediately, City shall have the authority to disconnect service promptly. The City shall take reasonable measures to notify the Customer as soon as practical so Customer will have an opportunity to correct the problem(s).
