#### STREET LIGHTING SERVICE SCHEDULE SLS

##### AVAILABILITY

This Schedule is available for lighting of dedicated public streets and highways, municipally owned and operated public parking lots, and municipally owned and operated public parks inside the City of Rocky Mount.

Service will include the furnishing and installing of street lighting facilities on poles owned by the City. The facilities will be owned, maintained and operated by City. Illumination of the lamps will be provided from dusk to dawn.

##### MONTHLY RATE

The Basic Rate below will be billed for each street lighting fixture. The Basic Rate covers standard lighting facilities mounted on the City's existing system distribution poles. Additional charges will be applicable for separate street lighting poles, underground service, or any other contribution required under this Schedule or Street Lighting Service Regulations for special facilities.

**CONTRACT PERIOD**

The contract period shall not be less than ten years.

**GENERAL**

Service rendered under this Schedule is subject to the provisions of the service regulations of the City.

**LIABILITY**

The City does not guarantee or warrant continuous electric service, and expressly disclaims any such warranty, express or implied, to provide continuous service. The City shall use reasonable diligence to provide uninterrupted service, and having used reasonable diligence shall not be liable to any consumer for damages for failures in, interruptions of, or suspension of service, including, without limitation, surges. The City reserves the right to suspend service without liability on its part at such time, for such periods, and in such manner as may in its judgment be required for the purpose of making necessary repairs on the lines or other parts of its system.
