

City of Rocky Mount Animal Shelter

1101 N Church St
Rocky Mount, NC 27801
Phone: 252-972-1390

Adoption Receipt

Adopting Person:

Animal Being Adopted:

Cage Card #:
Species:
Breed:
Approx. Age:
Sex:

Adopter hereby agrees to have the above referenced animal spayed/neutered and given a rabies vaccine within 30 days of adoption as required by section 4-67 (b) of the City Ordinance . The procedures must take place within 30 days unless deemed hazardous by a licensed veterinarian. An original letter must be provided on the veterinarian's letterhead with the veterinarian's signature if the animals health precludes the animal from being spayed/neutered. In that case, the expiration date maybe extended to accommodate the veterinarian's recommendations. Adopter agrees to bring the letter from the veterinarian to the Animal Shelter stating that the procedure has been completed or that the procedure has been postponed and the date that it will be performed. You may choose a provider from the attached list at a reduced rate, or you may go to your own veterinarian for care.

Failure to comply will result in forfeiture of the animal and the adoption fee. This does not in any way change, alter or imply any forfeiture of rights retained by the City pursuant to the seizure of the animal.
