		RFP Due Date: 5/31/2023
Contract Type: Construction/Repair		

See Revised Scope of Work

The City of Rocky Mount is seeking proposals from licensed and qualified utility contractors to perform a direct 6-inch bore, for the purpose of tying into an existing manhole and extending sewer services to properties on the opposite side of the roadway at 1831 E Raleigh Blvd. The vendor awarded the contract shall be responsible for all materials, labor, equipment and shall be fully insured, per City requirements.

- The selected contractor will be responsible for all materials permitting and labor needed to extend a six-inch sewer service from an existing manhole to opposite side of road. The purpose of the sewer service extension is to provide sewer service for two properties on the opposite side of road.
- Tie into an existing 14.5 vertical foot deep sewer manhole by means of a 6 inch outside drop with tee connection.
- Direct bore a 6- inch schedule 40 PVC, with no encasement approximately 120 linear feet, to opposite side of road.
- The contractor would then reduce the 6-inch pipe to a 6x4 wye and stub up two 4" sewer clean-outs at the utility easement.
- Per NCDOT requirement pipe material shall be ductile iron
