## 3.0 METHOD OF AWARD AND PROPOSAL EVALUATION PROCESS

---

### 3.1 METHOD OF AWARD

Pursuant to North Carolina General Statutes Section 143-131, "award shall be made to the lowest responsible, responsive bid or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract."

While the intent of this RFP is to award a Contract(s) to single Vendor, the City reserves the right to make separate awards to different Vendors for one or multiple line items, to not award one or multiple line items or to cancel this RFP in its entirety without awarding a Contract, if it is most advantageous to the City to do so.

The City reserves the right to waive any minor informality or technicality in proposals received.

**Local Preference Policy.** *The only exception to the lowest responsive, responsible bidder method of award will be the local preference policy. The preference will allow an Eligible Local Bidder to match the price and terms of the lowest responsible, responsive bidder who is a Non-Local Bidder, if the Eligible Local Bidder's price is within five percent (5%) or \$25,000, whichever is less, of the lowest responsible, responsive Non-Local Bidder's price. An eligible local vendor is one that is current on property taxes in the City of Rocky Mount and meets the qualifications set forth in the policy. An application can be found at <https://rockymountnc.gov/services-finance-vendor-registration/>*

### 3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

During the evaluation period—from the date proposals are opened through the date the contract is awarded—each Vendor submitting a proposal (including its representatives, sub-contractors and/or suppliers) is prohibited from having any communications with any person inside or outside the using department, issuing department, other government department office, or body (including the purchaser named above, department secretary, department head, members of the general assembly and/or governor’s office), or private entity, if the communication refers to the content of Vendor’s proposal or qualifications, the contents of another Vendor’s proposal, another Vendor’s qualifications or ability to perform the contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals and/or the award of the contract. A Vendor not in compliance with this provision shall be disqualified from contract award, unless it is determined in the City’s discretion that the communication was harmless, that it was made without intent to influence and that the best interest of the City would not be served by the disqualification. A Vendor’s proposal may be disqualified if its sub-contractor and supplier engage in any of the foregoing communications during the time that the procurement is active (i.e., the issuance date of the procurement to the date of contract award). Only those discussions, communications or transmittals of information authorized or initiated by the issuing department for this RFP or general inquiries directed to the purchaser regarding requirements of the RFP (prior to proposal submission) or the status of the contract award (after submission) are excepted from this provision.

### 3.3 INTERPRETATION OF TERMS AND PHRASES

This Request for Proposal serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the Department; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. As such, all terms in the Request for Proposal shall be enforceable as contract terms in accordance with the General Contract Terms and Conditions. The use of phrases such as “shall,” “must,” and “requirements” are intended to create enforceable contract conditions. In determining whether proposals should be evaluated or rejected, the Department will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the Department’s needs as described in the Request for Proposal. Except as specifically stated in the Request for Proposal, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the Department exercising its discretion to reject a proposal in its entirety.

## 4.0 REQUIREMENTS

---

This Section lists the requirements related to this RFP. By submitting a proposal, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this RFP. If a Vendor is unclear about a requirement or specification or believes a change to a requirement would allow for the City to receive a better proposal, the Vendor is urged and cautioned to submit these items in the form of a question during the question-and-answer period in accordance with Section 2.5.

### 4.1 PRICING

Proposal price shall constitute the total cost to the Buyer for complete performance in accordance with the requirements and specifications herein, including all applicable charges handling, administrative and other similar fees.
