		<b>RFQ Due Date: 9/19/2022</b>
	<b>Contract Type: Goods</b>	

1. Question: How far is the rack/server room from the proposed 98' screens?

Answer: From the monitors to the AV rack will be approximately 20 feet. There will be a network connection in the room that is put in by our Staff.

2. Question: How far are the client provided PCs from rack/server room?

Answer: Client PC's will be 10-20 feet from the rack/server in the room.

3. Two (2) floor mounted tracks shall be installed to allow connection to the operators' stations.

Question: Does this mean operator needs additional touch panel?

Answer: A handheld touch panel is needed for the operators.

4. Track shall be ½ inch high and contain power, network, and AV Cables (Network and Electrical Supplied and installed by others.

Question: Where are these cables going? Why do we need these connections?

Answer: The cabling may be optional if the company can provide a wireless solution to work with our PC's. This may require a new video card.
